Ref: 16/2/P

Date: 2 October 2026

PUBLIC NOTICE NO: 44 / 2026 / 2027

ELECTRICITY OUTAGE (NB. NO CUSTOMERS WILL BE AFFECTED)

Please note that there will be a scheduled electricity outage that will affect newly installed Transformer 2 Incomer Feeder **for testing purposes only on Thursday the 8, October 2026, from 07:00am to 12:00pm.** Alternatively, in case of adverse, the outage will be rescheduled to **Friday, the 9, October 2025**, during the same hours.

The outage is carried out as a maintenance—covering preventative, routine, scheduled, condition-based, after the replacement and repairs done on the substation newly installed equipment. This proactive approach to maintenance is essential for sustaining the operational efficiency of the electrical infrastructure and mitigating potential issues before they escalate.

Please note that electricity supply may resume at any time during the outage, and all electrical installations should be treated as live at all times.

For further information or inquiries, please contact Mr. J. Mosenene, Manager Electricity and Energy, at 051 – 633 2406.

Thanking you in advance for your cooperation.

Yours sincerely
